3

Continued Support

- Instructional strategies, literacy routines, and data-driven instruction
- Option of 3-hour Best Practices Session

4

Growth Review

- Progress report with data dashboards for administrative teams
- Option of Data Review Meetings

Ongoing
Support from the
Success Team

- Teacher webinars
- Embedded PD videos within the application
- On-demand library of professional development resources
- Weekly usage reports

"The professional development helped us get teachers together from different schools in our area and collaborate on common goals. [The ThinkCERCA team] aligned to our district initiatives and brought forth conversations around best practices, student engagement, center-based learning, and overall instructional practices."

– Nicole Lambson, Executive Director of Curriculum, Instruction and Assessment for Farmington Municipal Schools

Continuous Learning
